ESD 2023 SHORT-FORM CATALOG

ELME 157 and 749 DUO ESD MATS are manufactured with synthetic rubber. Most important features are : resistance to flame, resistance to temperatures over 400°C, resistance to widely used chemicals, no noxious outgassing (PVC free), non porous surface (easy cleansing) , low light reflection, high noise absorption, no particulation (clean rooms admissible). These mats are designed to give you the most durable ESD surface for your production areas.

FULL LINE OF ESD WORKSTATIONS
ALL SIZES AVAILABLE FROM 1100 TO 1950mm
ESD HARD TOP LAMINATED BENCHWORK
FIXED OR ADJUSTABLE SHELVES
CHOICE OF OVERHEAD TOOLS (LAMPS, ION BLOWERS,
HANGING HOOKS FOR TOOLS)
PERMANENT GROUNDING MONITORS TO CHECK ESD
DISSIPATION
CHOICE OF SINGLE OR MULTIPLE DRAWERS SETS WITH
LOCKING KEYS
DESIGNED ON CUSTOMER'S SPECIFIC REQUIREMENTS
MEET IEC 61340-5-1 STD

ELME ONE-TOUCH and STRAPPO wristbands are 100% manufactured in Italy. The special extra soft elastic band is made with anti-allergenic conductive fibres, and the elasticity of the band is twice durable as other bands on the market, due to the high quality materials in the fabrication. The ONE TOUCH band features an exclusive pull/release system to automatically adjust the band on the wrist in order to ensure permanent electrical contact. No colourants, no sharp edges.

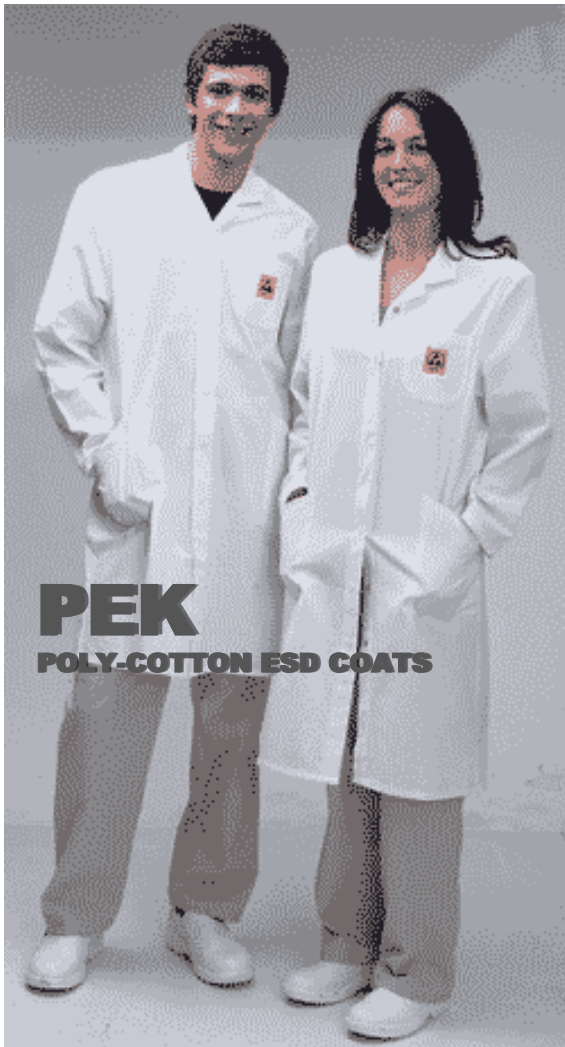

STRAPPO
VELCRO WRISTBAND

ONE TOUCH
ADJUSTABLE WRISTBAND

ELME features **ESD PEK COATS**, manufactured with the exclusive polyester-cotton formulation, good perspiration, comfortable wearability and lightness. The fabric withstands more than 50 washing cycles without linting and without losing the ESD features.

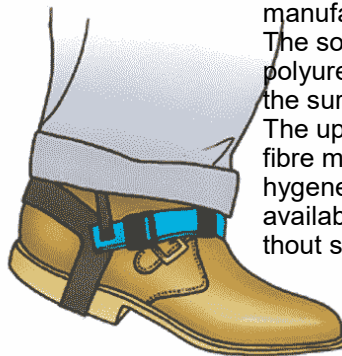

PEK
POLY-COTTON ESD COATS

ESD MICROFIBRE SHOES & GROUNDERS

The **ELME MICROFIBRE ESD SHOES** line includes a complete line of ESD footwears, all manufactured with premium grade materials. The soles are moulded with static dissipative polyurethane, which drains statics through all the surface. Comfort and safe grip on the floor. The upper shoes are manufactured with micro-fibre material, machine washable at 40°C : extra hygiene, clean soles for better conductivity, available black and white colours, with and without safety toe cap.

E3 SPS

ESD DUAL TESTER FOR SHOES & WRISTBAND

DUAL WRISTBAND & FOOTWEARS CHECKER
 TESTS ACCORDING TO IEC 61340-5-1 STD
 ACCEPTS 10mm SNAPS & 4mm BANANA GROUND CORDS
 3 TEST MODES: WRISTBAND ONLY, SHOES ONLY,
 WRISTBAND + SHOES
 TESTS LEFT&RIGHT FOOT SEPARATELY AND SIMULTANEOUSLY
 OPEN DOORS (RELAY SYSTEM)
 CHOICE OF BATTERY OR ESTERNAL POWER SUPPLY
 AUDIBLE AND VISIBLE ALARM
 INCLUDES DUAL PLATE WITH EXTRA HARD INSULATING BASE
 INCLUDES YELLOW WALL PANEL WITH INSTRUCTIONS
